Action Required for Students
Register for Multi-Factor Authentication

Goodwin University will be enforcing Multi-Factor Authentication for students with a staggered rollout starting **May 15, 2024.** Be ahead of the curve and register for Multi-Factor Authentication (MFA) now to enable this feature.

Register

You can complete the sign-up process using your existing credentials (username and password) that you use to login today.

Next steps

After you register, you will be able to add a safe and secure two-step verification method for your online credentials from a range of authentication options (such as phone call, text message, or mobile app notification) to access your applications.
