Vaccinations Policy

Students born on or after January 1, 1957, must submit evidence of immunization against measles and rubella in compliance with Connecticut State Law Public Act 89-90. Under this bill, proof of immunization is not required if a student graduated from any Connecticut high school after 1998 and was not exempt from providing proof of immunization when enrolling in school because of religious or medical contraindication exceptions. Adequate immunization for measles consists of two doses of vaccine at appropriate intervals. At least one dose must have been administered after December 31, 1979. Students are also required to show proof of immunization for rubella (German Measles) with one dose of rubella vaccine administered after the student's first birthday. These health forms must be submitted before registration.
