

## Barbara Jean Charley Memorial Scholarship Fund

**Barbara Charley**, Goodwin College department coordinator and assistant professor of Foundational Studies, passed away September 30, 2009, after a courageous battle with cancer.

Barbara's was a teacher and mentor for students at the beginning of their college experiences. At the request of her loved ones, a scholarship fund has been started in her memory.

The fund will support students who successfully advance from Foundational Studies courses into a degree program and will serve to celebrate Barbara's life and love for her students.
