Chapter 1: Overview of Campus Safety and Security Reporting

INTRODUCTION
The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act of 1990 (34CFR668.46), also known as the “Clery Act,” is a federal law that requires colleges and universities to disclose information about crime on and around their campuses. The act is named in memory of Jeanne Clery, a 19-year old Lehigh University freshman who was assaulted and murdered in her residence hall on April 5, 1986. This report has been prepared to meet the requirements of this act. This revised report replaces the previous version of the report which was dated 2020.

OVERVIEW
Goodwin University’s Annual Security Report presents University policies (e.g. policies on alcohol and drug use, crime prevention, and the reporting of crimes) about campus security and statistics for the previous three years, and information about reported crimes and fires that occurred on campus, and on public property immediately adjacent to and accessible from the campus.
Chapter 2: Geography

Statement re: On and off campus geographic areas
The Clery Act requires a statement of policy concerning the monitoring and recording, through local Security and police agencies, of criminal activity in certain geographic locations associated with the institution. These locations include: on campus; in or on a non-campus building or property; and on public property within or immediately adjacent to and accessible from the campus.

The University monitors and records information about criminal activity at these properties through both Goodwin University Campus Safety and Security and the Town of East Hartford Police Department.

University Security and Access

Goodwin University is located in the southwest corner of the Town of East Hartford. It is an open campus. Security Officers are deployed and stationed at all of our Main University Student Buildings from 7 AM each morning until our classes end every night. This staffing occurs during the day’s that school is in session. Our Security Officers work 24 hours a day, 365 days of the year.

Security Officers presently cover the following locations:

The Student Buildings: our security guards are located at:
- Main Campus - 211 Riverside Drive (Aka: One Riverside Drive)
- 403 Main Street - Dental Hygiene Program
- 2 King Court - Histology Program
- 417 Main Street – Funeral Services Program
- 3 Pent Road - Business and Manufacturing Program

The Administrative Office Buildings located at:
- 247 Riverside Drive
- 351 Main Street
- 417 Main Street

In addition, our Security staff covers the Goodwin University Magnet School Buildings.

They are located at:
- 9 Riverside Drive - Connecticut River Academy High School
- 3 Pent Road – Annex – CTRA Manufacturing Annex
- 167 & 195 Riverside Drive – CTRA – Middle Grades Program
- 29 Willowbrook St. - Riverside Magnet School - Pre-School to grade 5
- 2 Pent Road - Pathways Technology High School

Our Security also provides coverage at our Student Housing locations:

Goodwin University Housing units are located on King Court in East Hartford:
- 10 King Court
- 21 King Court
- 30 King Court
During normal business hours, the University buildings are open to students, employees, and visitors. All buildings are secured each night, and no one should be in the University buildings outside normal business hours. Individuals are allowed to gain access or are prevented from accessing buildings through the use of facility keys and electronic access control cards & fobs.

**Security and Maintenance of Facilities**
Buildings, facilities and landscaping are maintained in a manner that minimizes hazardous conditions. Goodwin Safety and Security Department officers regularly patrol the campus and report malfunctioning lights or other unsafe physical conditions to facilities management for correction. In addition, Goodwin invites reports of physical hazards or potential safety issues from all others as well.
The Goodwin University campus is equipped with fire detection systems which are directly connected to the Goodwin Security Main Desk. The Fire Alarm Systems also ring directly to the East Hartford Fire Department, via the East Hartford Public Safety Answering point in Town.

**Law Enforcement and Jurisdiction**
The mission of the Goodwin Safety and Security Department is to provide a safe and secure educational environment to the University’s diverse and dynamic population. This is accomplished by providing professional private security service, active crime prevention and proactive patrol with fairness, responsiveness, integrity and respect.

**Investigations, Authority to Arrest, and Relationships**
Goodwin Safety and Security Department personnel are staffed by private security officers employed by SSC Inc. These officers enforce University policies and regulations. All officers enforce campus safety policies, traffic and parking regulations and respond to emergencies. When on duty, Goodwin security personnel will respond to all complaints, emergencies and criminal activity on campus. Assistance may be requested from the East Hartford Police Department and/or the Connecticut State Police. Goodwin University security personnel have no powers of arrest but work closely with the Local, State and Federal Police & Security Agencies. Security Personnel have a strong working relationship with the Town of East Hartford Police and Fire Departments.

**Monitoring and Reporting of Criminal Activity**
The Town of East Hartford Police Department will respond to complaints, emergencies and criminal activity at Goodwin University when Goodwin Security personnel are on duty, off duty, or when the Goodwin Safety and Security Department does not have adequate resources to respond to an incident and requests assistance from the East Hartford Police.

If minor offenses involving University rules and regulations are committed by a Goodwin student, Goodwin Security personnel may refer the individual to the Dean of Students for
University disciplinary action.

Goodwin Security monitors and records all reports of criminal activity and violations of rules and regulations via use of the daily crime log and reports from local police and internal reports from Campus Security Authorities, as well as the (SBRT) Student Behavior Response Team and the Goodwin Threat Assessment Team (GTAT) as well as verbal reports from staff and administrators.

Chapter 3: Crime Statistics: Classifying and Counting Clery Act Crimes

Classifying and Counting Clery Act Crime Statistics
Collection of Statistics for this Annual Security Report:
The Clery Act requires reports from a wider geographic area (e.g. adjacent public property); from a broader scope of “reporters” (e.g. “campus security authorities”); for disciplinary referrals as well as arrests for drug, alcohol, and weapons violations; and for different crimes (e.g. weapons violations and hate crimes and forcible sexual assault vs. rape and attempted rape).

The Goodwin Safety and Security Department is responsible for collecting statistics, identifying reportable crimes, and reporting crimes to the East Hartford Police Department. The East Hartford Police gather and collate all of the Crime statistics that occur in and around Goodwin University. The Police Department provides Goodwin University with both relevant Crime and Arrest statistics that are required to be reported as part of this Clery Report.

Chapter 6: Fire Safety and the Fire Log

2022 Annual Goodwin Fire Safety Report

The following is the Goodwin University Fire Safety Report for calendar year 2021. This report is prepared in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (The Clery Act). This report includes the disclosure of certain University fire safety-related policies and procedures, as well as three years of fire statistics. The Clery Act requires the disclosure of statistics for reported fires in on-campus student housing facilities. The Town of East Hartford has a full-time fire department dedicated to providing fire, rescue and EMS services 24 hour a day, seven days a week. Additional duties performed by fire personnel include inspections and fire prevention activities. Also incorporated within the fire department is the Office of the Fire Marshal and Building Inspector’s. This office is responsible for code enforcement for all University buildings and construction projects. Goodwin University also has approximately 5 housing unit’s located in King Court in East Hartford that house approximately 40 students per semester.

Fire Reporting
If a fire occurs in a Goodwin building or Goodwin housing, community members should immediately call 911. The East Hartford Fire Department will be dispatched. If a member of the Goodwin community finds evidence of a fire that has been extinguished, and the person is not sure whether Fire Department personnel have already responded, the community member should immediately notify Goodwin Safety and Security at the non-emergency number 860-913-2100 to investigate and document the incident.

On-campus Housing Fire Safety Systems
All campus housing units have fire alarm systems. All campus housing units are equipped with smoke detector units which are tied to their own audible fire alarm. All systems meet or exceed requirements of the East Hartford Fire Department. These systems are tested and inspected annually by the East Hartford Fire Marshall’s office.

Emergency Situations
In all emergency situations, your first call should be to: 911 for police, fire, and medical emergencies.

Calls to Campus Security will also summon the appropriate emergency services, but will cause a slight delay versus calling emergency personnel directly.

When you call 911 or Campus Security during an emergency, you must be prepared to provide:

YOUR NAME, YOUR LOCATION and the DETAILS & CIRCUMSTANCES of your emergency.
Electrical Appliances
Heating, cooking, or air-conditioning equipment may not be used in the student housing units except as provided by Goodwin University. Keep in mind, if you choose to have electrical appliances they must be kept in the kitchen. For these appliances, you may need to use a UL approved surge protector and avoid plugging everything into one outlet. Overloading the outlets will cause a breaker to trip, and this is considered a fire hazard.

Fire
Fire alarms and equipment are installed for your protection. Smoke detectors are located in each student housing unit and in other specified locations. Tampering with the fire devices (smoke detectors in the hallways and rooms, fire extinguishers, and fire alarm pull stations if present) will result in fines, repair costs, disciplinary proceedings and possible suspension from housing. You may be charged up to $350 for covering or removing the smoke detector in your housing unit. Fire extinguishers are not to be removed from their casing unless there is a fire. Discharging a fire extinguisher when there is no fire is a crime and punishable by fines and disciplinary actions under the Student Code of Conduct.

Fire and Evacuation

Do:
- **Call 911**
- Activate the nearest fire alarm if possible
- Keep room doors unlocked
- Always close the door behind you before exiting
- Walk quickly to the nearest accessible exit. Leave the building or housing unit
- Move away from the building to the designated area, or a safe distance away
- Report missing persons (roommates, floor mates) immediately to Campus Security or the Dean of Students
- Remember **R.A.C.E.** – Remove yourself. Activate the Alarm. Confine the fire (close the doors where the fire is located). Extinguish only small fires, when in doubt just leave the area

Do Not:
- Try to fight a fire
- Use any electrically related equipment including elevators
- Return to the building until instructed to do so by authorized Emergency Personnel

In case of fire immediately outside the room you are occupying:

Do:
- Leave the door shut
- Feel the door, and if it is hot or seeping smoke, block any cracks in the door
- Open windows a crack at the top and at the bottom
- Hang a sheet or other visible object from the window of the room to signal rescuers
- Lay face down on the floor to minimize smoke inhalation
Do Not:
- Jump out of a housing unit window unless there is no alternative

Fire Precautions

Do:
- Locate fire alarm pull station nearest your room (if applicable)
- Know emergency phone numbers. Call 911 for ALL SUSPECTED FIRES
- Keep any exit doors, hall doors and stairwell doors closed and free from any obstructions
- Know alternate escape routes from your room
- Use only fire retardant materials and equipment and UL approved appliances
- Comply with proper usage of potentially hazardous items
- Realize that emergency lighting is designed for this purpose only and not for long-term use
- Place telephones and any wires on floor close to the wall
- Observe all other emergency considerations

Do Not:
- Tamper with fire alarms, smoke detectors or fire extinguishers
- Block hallways, stairs, stairwells, room doors or any other areas leading to exits
- Store items in stairwells, under stairs or in corridors
- Fight an electrical fire with a water or a soda acid fire extinguisher
- Overload electrical circuits
- Leave microwave ovens being used unattended in the kitchen areas
- Smoke in buildings
- Dispose of cigarette materials in trash containers; use metal receptacles that are provided (if applicable)

Note: If shelter should be required, the Dean of Students will notify the student of any temporary living assignment

Smoking
It is illegal to smoke in any Goodwin University owned building. SMOKING IS PROHIBITED IN ALL STUDENT HOUSING FACILITIES! Smoking includes but is not limited to E-cigarettes, cigarettes, pipes, bongs and hookahs. If you smoke in a student housing unit, you may receive disciplinary action under the Student Code of Conduct.

Fire Safety Equipment
The intentional setting of fire, tampering with or misuse of fire safety equipment (including automatic door closures, smoke detectors, sprinkler heads, fire-alarm systems, fire-fighting equipment, or building security systems) is prohibited and illegal, including the covering or removal of smoke detectors.
Fire Log
In accordance with the Clery Act, Goodwin Safety and Security maintains a fire log that provides a listing of all fires that have occurred in an on-campus student housing facility. This log is available at the Goodwin University main desk for public inspection.

The Fire Log provides the following information:
- The nature of the fire
- The date the fire occurred
- The time of day the fire occurred
- The location of the fire

Emergency Response and Evacuation Procedures
As required by federal and state law, the Goodwin University has a comprehensive All Hazards Emergency Response Plan that details immediate response and evacuation procedures. The 2021 - All Hazards Emergency Response Plan includes incident response procedures, priorities, shelter in place and evacuation guidelines.

As part of the comprehensive Emergency Response Plan for the University, regularly scheduled drills, exercises, and follow-through activities are conducted annually.

As required by Federal law, the procedures to test emergency response and evacuation procedures will be tested annually and publicized to the Goodwin University community. These tests may be announced or unannounced.

Goodwin University Security Officers, East Hartford Firefighters, and Goodwin University supervisors are trained in the use of the National Incident Management System (NIMS) which includes the Incident Command System (ICS).

Each semester evacuation drills are coordinated by the Goodwin University Campus Safety & Security staff in collaboration with University Student Affairs Staff to ensure emergency response and evacuation procedures are tested at least twice per year.

Evacuation Procedures for Housing
The following evacuation procedures are distributed and reviewed by the Housing Coordinator with all occupants of each housing unit:

Upon hearing the sounding of fire alarm horns, or seeing visual fire alarm strobes all residents and guests must **immediately** evacuate the building.

Procedures to follow if smoke detector activation occurs in your room only:
(No other alarms sounding throughout the building.)
If activation occurs and fire, smoke and/or a burning odor IS present:

1. Leave the room and close the door behind you.
2. Pull the Fire Alarm Pull Box located at the building exits (if applicable).
3. Evacuate the building.
4. **Call 911 to report the fire**, or possible fire.
5. Be prepared to give location, name, and phone number if possible.

If an activation occurs and there is NO evidence of any fire, smoke and/or a burning odor.

1. Leave the room and close the door behind you.
2. Call 911 from a safe location to report, and then meet the responding Fire Department in a safe location outside of your room.
   
   Note: The Fire Department responds when notified to all fire alarms including single smoke detector activation in a room whether or not the building fire alarm system is activated.

   **If you subsequently discover evidence of fire, smoke and/or burning odor, follow above steps pertaining to evacuation upon detection of fire, smoke and or burning odor.**

**Emergency Evacuation for Students and Employees in Case of Fire**

**When exiting your room and the building:**

1. If you are not in immediate danger from smoke or fire, make sure that you quickly dress appropriately for weather conditions (i.e. coat, shoes, etc.).
2. If you are not in immediate danger from smoke or fire, make sure to close and lock all doors and bring your room key and ID card with you.
3. Evacuate the building. If you are unable to evacuate, call 911 and give your name, location and phone number.

**Once safely outside the building:**

1. Move away from building and immediately report to the designated assembly area to check in with residential life staff. This area is presently in the parking lot of 2 King Court, which is also home to the Histology Building should shelter be needed.
2. Stay clear of all emergency vehicles. Do not stand in roadway/walkway. Do not block emergency vehicles from getting through.
3. Do not re-enter the building until you are instructed to do so by an emergency responder or Residential Life staff.

Report any vandalized or disconnected smoke detectors to the Housing Coordinator or Resident Director immediately. If one is found during a Fire, Health and Safety Inspection, a work order will be submitted to correct the problem and disciplinary action may result.

**What to Do in Case of a Fire:**

**UPON HEARING THE SOUNDED OF AN ALARM:** All residents and guests must immediately evacuate the building.
WHEN EXITING YOUR ROOM AND THE BUILDING:
1. Feel the door handle with the back of your hand, if door handle is not hot, open cautiously.
2. Check for smoke or fire before going out.
3. Make sure that you are dressed appropriately for weather conditions (i.e. coat, shoes).
4. Close and lock all doors. Bring your room key and ID card with you.
5. Walk quickly to the nearest marked exit.
6. Use the stairs. **NEVER USE ELEVATORS DURING AN EMERGENCY EVACUATION.**
7. Carry a towel with you to cover your face.
8. Stay low to the ground, below smoke. Crawl if necessary.

2. Wedge cloth around the door cracks and remain in the room.
3. **Call 911.**
4. Open the window wide enough to attract the attention of fire officials and await rescue.

ONCE OUTSIDE OF THE BUILDING:
1. Move away from building and immediately report to the designated assembly area to check in with Residential Life staff.
2. Stay clear of all emergency vehicles – do not stand in roadway/walkway and block emergency vehicles from getting through.
3. Do not reenter the building until you are instructed to do so by an emergency responder or Residential Life staff.

Means of Egress
It is important that in cases of fire or emergencies, residents have a clear path from their room to outside of the building. Housing room doors must not be blocked with furniture or other items that will not allow for at least 30 inches of clearance. Furniture, bicycles or other items are not to be stored in corridors, stairwells, lounges or lobbies as these areas are typically the way out of a building in emergency situations.

The Fire Log
The Goodwin University Campus Safety & Security Department maintains a Fire Log that lists fire incidents reported to the East Hartford Fire Department. This log is available for public inspection at the Security Desk at the Main Campus.

Goodwin University Campus Safety & Security Department monitors and records reports of any on-campus housing fires via use of the fire log and reports from the East Hartford Fire Department and internal reports from Campus Security Authorities and staff and administration.

Chapter 7: Emergency Notification and Evacuations

Campus Alerts and Timely Warnings:
In the event that a situation arises, either on or off campus, that, in the judgment of the Director of Campus Safety & Security, constitutes an ongoing or continuing threat, a campus-wide “timely warning” will be issued.
Depending upon the situation, the media used may include: “All Points” e-mail to faculty and staff; the Goodwin University and Goodwin Security websites (www.Goodwin.edu and www.goodwin.edu\campus-safety) and activate the EverBridge Emergency Notification System and the Alertus Emergency Notification System, as well as notices on campus monitors; and in-person warnings from Security Personnel.
Anyone with information warranting a timely warning or campus alert should report the circumstances to Goodwin University Security by calling 860-913-2100 or in person at the Security Desk located in the Main Lobby of the Main Campus.

Emergency Notification Policy:
In the event that there is a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees, Goodwin University will issue an Emergency Notification without delay following the process outlined below. The Director of Campus Safety & Security or his designee, will confirm there is a significant emergency or dangerous situation involving an immediate threat by making direct contact with the local police agency or persons or parties involved in the situation. This will aid in the decision of how much information to disseminate and who should be notified. Immediate notification to local police shall also be determined by the Director of Campus Safety & Security or his designee.

Goodwin University provides Emergency Notification services outside and inside the University community via the EverBridge Emergency Notification System. This system uses the mobile smartphone and cell phone technology and capabilities to immediately send out SMS text messages to mobile devices. This also includes phone calls to registered cell phones along with e-mail notifications. The Emergency Notification will be made without delay and will be distributed by the Communication Department at Goodwin University.

Process:
- Campus Security will contact the V.P. of Physical Facilities, IT & Security and/or the Director of Campus Safety & Security who will determine if a significant or dangerous situation involving the immediate threat to health or safety of students/employees or community exists.
- The V.P. of Physical Facilities, IT & Security and/or Director of Campus Safety & Security will determine which segment(s) of the University community or surrounding community will receive the notification.
- The V.P. of Physical Facilities & IT and/or Director of Campus Safety & Security will work with Communications to develop the content of the notification taking into account the safety of the community.
• Without delay the content of the notification will be reviewed and authorized by the V.P. of Enrollment, Marketing and Communications before Communications disseminates to the appropriate segment(s) unless in the professional opinion of the responsible authorities, this notification will compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

**Timely Warning Policy:**
A Timely Warning is provided to give students, faculty, and staff timely notification of crimes that may represent a serious or on-going threat to the campus community and to heighten safety awareness. The warning will also seek out information that may lead to the arrest and conviction of the offender when violent crimes against persons or substantial crimes against property have been reported.

Timely warnings must be issued for any CLERY ACT crime that is reported to the local Police Agency and is considered by the University to represent a serious or continuing threat to the health or safety of students or employees.

Timely Warnings are created and distributed by the Director of Campus Safety & Security, the Vice President for Facilities & Information Technology, or his/her designee with the assistance of the Communications Department. The Director of Campus Safety & Security or his designee, will confirm there is an emergency or dangerous situation by making direct contact with the local police agency or persons or parties involved in the situation.

The Communications Department is responsible for issuing a Timely Warning when a crime or health situation is reported to or brought to the attention of the Campus Security Officers or other campus security authorities and that crime represents a serious or on-going threat to the safety of members of the campus community. Information for Timely Warnings also may come from other law enforcement agencies. Every attempt will be made to distribute the Timely Warning promptly; however, the release of information is subject to the availability of accurate facts concerning the incident.

Timely Warnings will be distributed as quickly as possible to faculty, staff, and students. This distribution will occur throughout the campus when necessary via the EverBridge Emergency Notification System, the Goodwin University e-mail system and be provided to campus media, posted on the Goodwin University website, and if appropriate, posted in off-campus areas frequented by our students. These warnings will be distributed by the Communications Department at Goodwin University.

**Timely Warnings typically include the following information:**
1. A succinct statement of the incident.
2. Any connection to previous incidents.
3. Physical description and/or composite drawing of the suspect, if appropriate.
4. Date and time the Alert was released.
5. Other relevant and important information.
6. Appropriate safety tips.

Updates of Contact information Testing of the System:
The Communications Department in conjunction with the Facilities Department, will update
student/employee contact information for the purposes of Timely Warning and Emergency
Notifications during the first week of each semester.
This occurs at least 3 times each year. The Communications Department will email the
Emergency Response Instructions and Timely Warning/Emergency Notification process,
including the ability to confirm each individual’s receipt of the emergency message
information, in advance of the first test date. Testing will occur on a regular basis on
Community Days with a select group of individuals to ensure the integrity of the system.
Notations of this testing are maintained within the EverBridge System and maintained by the
Communications Department.
Annually each fall the Communication Department in conjunction with the V.P. of Physical
Facilities/IT and/or Director of Campus Safety & Security assesses and evaluates the processes
stated above.

Evacuation Procedure:
Goodwin University will use the Fire alarm system to initiate an emergency evacuation of all
buildings. Upon hearing the fire alarm sound in any building:
- Faculty closes doors and windows.
- Lights/computers should be left as they are.
- Faculty and students exit through the nearest emergency exit. DO NOT use the
elevators.

The Main Campus:
On the second, third, fourth & fifth floors of Main Campus:
- Classes in the southern section of the building should descend using the South
  Stairwell and exit through the emergency exit at the bottom of the stairs.
- Classes in the northern section of the building (closest to the University green)
  should descend using the North Stairwell and exit through the emergency exits
  at the bottom of the stairs.
- Classes in All other buildings should follow the designated evacuation routes
  posted on the wall by the door within each classroom.

Any individuals with limited mobility should be assisted by their teacher or other adult in
their classroom in exiting the building or in getting to an area of refuge.
- There is an emergency alert button at the stairwell on each floor that must be
  pressed to notify emergency personnel of the location of the person requiring
  assistance at the area of refuge.
- A faculty member should stay with any student who must remain in an Area of Refuge.
- Emergency personnel will check this area during an evacuation.
- Remain at that location until the “All Clear” or until assistance arrives.
- Upon exiting, the building classes move to the south side of the building, and assemble in the parking lot.
- An administrator or security will notify all evacuated individuals when it is safe to return to the building.
- Be prepared to ADAPT as circumstances change.

**Goodwin University Housing units are located on King Court in East Hartford at:**

- 10 King Court
- 21 King Court
- 30 King Court
- 49 King Court
- 59 King Court

In the event of an emergency evacuation All housing residents should muster at designated Evacuation area, which is the 2 King Court parking lot.

**Note:** This area is also the location of the Histology Building, should interior shelter be needed.
Chapter 8: Campus Security Policies

Policy Statement Addressing Security Awareness

The Director of Campus Safety and Security briefs all new students with regard to the Security procedures at Goodwin University via a video during new student orientation. In addition, the Director of Human Resources informs new employees of security and safety procedures at each new employee orientation. All students and employees are notified of our Emergency Procedures Guideline and Instructions posted in every classroom and/or hallway stating these emergency procedures for safety. Additionally, key departments receive active shooter/threat training on how best to prepare and respond to an active shooter or threat incident.

A link to items covered during all New Student Orientation is located on the Goodwin University web site: http://www.goodwin.edu/orientation/resources-safety

A campus safety Video has been produced for viewing by all students: The link to this video is: http://www.goodwin.edu/campus-safety/

Prevention and Security Awareness Programs

We believe that crime prevention is everyone’s responsibility and that education is one of our more effective methods. Students are also encouraged to be responsible for their own safety and the safety of others. Information on safety and security is provided to students and employees regularly through posters, articles in campus publications and an emergency alert system that provides the entire campus with information in a timely manner about criminal activity or individuals who may be involved in suspicious activity. Crime prevention tips are also listed on the Campus Safety website.
http://www.goodwin.edu/campus-safety/resources

At numerous times during the school year, the Department of Campus Safety & Security has Active Shooter and Personal Safety Classes with the various departments within the University. These sessions stress how to react to an active shooter situation as well as personal safety tips. Sessions then return to their working departments where active shooters scenarios are role played and reactions are practiced.
The schedule and session notes are kept by the Program Director, Criminal Justice, Homeland Security, and Public Safety & Security.

Drug and Alcohol

The Drug and Alcohol policy is stated in the University catalog as well as the Student Handbook, Student Housing Handbook, Faculty Handbook, and Staff Handbook [34 CFR 668.46(b)(8)]. It is also addressed in the Goodwin University Policy and Procedure, Titled: Student Code of Conduct.

These behaviors include nonconsensual sexual contact (or attempts to commit same) and non-consensual sexual intercourse (or attempts to commit same). These acts not only violate the Goodwin University policy prohibiting sexual assault but also violate the criminal laws of the State of Connecticut. Goodwin University accepts the following definitions as forms of sexual assault:

Non-Consensual sexual contact:
- any intentional sexual touching,
- however slight,
- with any object,
- by a man or woman upon a man or woman,
- that is without consent and/or by force.

Sexual Contact includes:
Intentional contact with the breasts, buttock(s), groin or genitals, or touching another with any of these body parts, or making another touch you or themselves with or on any of these body parts; any intentional bodily contact in a sexual manner, though not involving contact with/of/by breasts, buttocks, groin, genitals, mouth, or other orifice.

Non-Consensual sexual intercourse is:
- any sexual intercourse,
- however slight,
- with any object,
- by a man or woman upon a man or woman,
- that is without consent and/or by force.

Sexual Intercourse includes:
Vaginal penetration by a penis, object, tongue, or finger, anal penetration by a penis, object, tongue, or finger, and oral copulation (mouth to genital or genital to mouth contact), no matter how slight the penetration or contact.

Domestic violence: is a pattern of abusive behavior in any relationship that is used by one partner to gain or maintain power and control over another intimate partner. It includes asserted violent misdemeanor and felony offenses committed by the victim’s current or former spouse, current or former cohabitant, person similarly situation under domestic or family violence law, or anyone else protected under domestic of family violence law. Domestic violence can be physical, sexual, emotional, economic or psychological actions or
threats of actions that influence another person.

**Dating violence:** is violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim; and where the existence of such a relationship shall be determined based on a consideration of the following factors:

- Length and type of the relationship
- Frequency of interaction

**Stalking:** Stalking is defined as engaging in a course of conduct directed at a specific person that would cause a reasonable person to:

- fear for the person’s safety or the safety of others; or
- suffer substantial emotional distress.

**Consent**

Consent must be given affirmatively. Affirmative consent is an active, clear, and voluntary agreement by a person to engage in sexual activity with another person.

Affirmative consent is not passive. Silence, in and of itself, cannot be interpreted as consent. Consent can be given by words or actions, as long as those words or actions create mutually understandable clear permission regarding willingness to engage in (and the conditions of) sexual activity.

Consent may be revoked at any time during the sexual activity by any person engaged in the sexual activity. Consent to any one form of sexual activity cannot automatically imply consent to any other forms of sexual activity.

Previous relationships or prior consent cannot imply consent to future sexual acts. The existence of a past or current dating or sexual relationship between the student or employee reporting or disclosing the alleged violation and the responding student or employee, in and of itself, shall not be determinative of a finding of affirmative consent.

It is the responsibility of each person to ensure that he or she has the affirmative consent of all persons engaged in the sexual activity to engage in the sexual activity and that the affirmative consent is sustained throughout the sexual activity.

It shall not be a valid excuse to an alleged lack of affirmative consent that the student or employee responding to the alleged violation believed that the student or employee reporting or disclosing the alleged violation consented to the sexual activity (i) because the responding student or employee was intoxicated or reckless or failed to take reasonable steps to ascertain whether the student or employee reporting or disclosing the alleged violation affirmatively consented, or (ii) if the responding student or employee knew or should have known that the student or employee reporting or disclosing the alleged violation was unable to consent because such student or employee was unconscious, asleep, unable to communicate due to a mental or physical condition, or incapacitated due to the influence of drugs, alcohol or medication.

Additionally, there is a difference between seduction and coercion. Coercion happens when someone is pressured unreasonably for sex and in that instance consent has not been given. Consent may never be given by minors (in Connecticut, those not yet sixteen (16) years of age), mentally disabled persons and those who are incapacitated as a result of alcohol or
other drug use (voluntary or involuntary) or those who are unconscious, unaware or otherwise physically helpless.

**Prevention of Sexual Assault:**
Risk reduction tips can often take a victim-blaming tone, even unintentionally. Only those who commit sexual violence are responsible for those actions. We offer the tips below with no intention to victim-blame, with recognition that these suggestions may nevertheless help you to reduce your risk of experiencing a non-consensual sexual act. Below, suggestions to avoid committing a non-consensual sexual act are also offered:

- If you have limits, make them known as early as possible.
- Tell a sexual aggressor “NO” clearly and firmly.
- Try to remove yourself from the physical presence of a sexual aggressor.
- Find someone nearby and ask for help.
- Take affirmative responsibility for your alcohol intake/drug use and acknowledge that alcohol/ drugs lower your sexual inhibitions and may make you vulnerable to someone who views a drunk or high person as a sexual opportunity.
- Give thought to sharing your intimate content, pictures, images and videos with others, even those you may trust. If you do choose to share, clarify your expectations as to how or if those images may be used, shared or disseminated.
- Take care of your friends and ask that they take care of you. A real friend will challenge you if you are about to make a mistake. Respect them when they do.

If you find yourself in the position of being the initiator of sexual behavior, you owe sexual respect to your potential partner. These suggestions may help you to reduce your risk for being accused of sexual misconduct:

- Clearly communicate your intentions to your sexual partner and give him/her a chance to clearly relate their intentions to you.
- Understand and respect personal boundaries.
- DON’T MAKE ASSUMPTIONS about consent; about someone’s sexual availability; about whether they are attracted to you; about how far you can go or about whether they are physically and/or mentally able to consent. Your partner’s consent should be affirmative and continuous. If there are any questions or ambiguity then you DO NOT have consent.
- Mixed messages from your partner are a clear indication that you should stop, defuse any sexual tension and communicate better. You may be misreading them. They may not have figured out how far they want to go with you yet. You must respect the timeline for sexual behaviors with which they are comfortable.
- Don’t take advantage of someone’s drunkenness or altered state, even if they willingly consumed alcohol or substances.
• Realize that your potential partner could feel intimidated or coerced by you. You may have a power advantage simply because of your gender or physical presence. Don’t abuse that power.
• Do not share intimate content, pictures, images and videos that are shared with you.
• Understand that consent to some form of sexual behavior does not automatically imply consent to any other forms of sexual behavior.
• Silence, passivity, or non-responsiveness cannot be interpreted as an indication of consent. Read your potential partner carefully, paying attention to verbal and non-verbal communication and body language.

How to be an Active Bystander

Bystanders play a critical role in the prevention of sexual and relationship violence. They are “individuals who observe violence or witness the conditions that perpetuate violence. They are not directly involved but have the choice to intervene, speak up, or do something about it.”¹ We want to promote a culture of community accountability where bystanders are actively engaged in the prevention of violence without causing further harm. We may not always know what to do even if we want to help. Below is a list² of some ways to be an active bystander. Further information regarding bystander intervention may be found. If there is immediate danger, dial 911. This could be when a person is yelling at or being physically abusive towards another and it is not safe to interrupt.

• Watch out for friends and fellow students/employees. If there is someone who looks like they could be in trouble or need help, ask if they are ok.
• Confront people who seclude, hit on, and try to make out with, or have sex with people who are incapacitated.
• Speak up when someone discusses plans to take sexual advantage of another person.
• Believe someone who discloses sexual assault, abusive behavior, or experience with stalking.
• Refer people to on or off campus resources listed in this document for support in health, counseling, or with legal assistance

**In The Event a Sex Offense Occurs**
The physical state of the victim should be determined, and if **medical attention is needed, 911 should be called immediately.**
Any evidence of the incident should be preserved for proof of a criminal offense. All parties involved will be expected to cooperate with local police authorities.

The victim will determine the severity of the offense and he/she will decide whether to notify police or not [34 CFR 668.46(b) (11) (iii)]. At the victim's request, Goodwin University personnel will assist the student in contacting the police.

**MEDICAL TREATMENT FOR RESPONDING TO SEXUAL ASSAULT**

If a student has been sexually assaulted, medical attention should be sought as soon as possible after the assault. The purpose is multi-fold:
- To treat physical injuries.
- To ascertain the risk of sexually transmitted diseases or pregnancy and intervene accordingly.
- To gather evidence that could aid prosecution.
Evidence should be collected immediately. After the first 24 hours, the quality of evidence usually decreases, but can be collected up to 72 hours after the assault. This evidence collection can be performed at any of the area hospital emergency rooms: St. Francis Hospital (860.714.4001) and Hartford Hospital (860.545.5000).

A support person may be present during the exam.

*NOTE: If you seek treatment at local hospital and police are contacted, this does not mean you have to proceed with criminal charges.

- Follow up with your gynecologist/physician.
- You can take a support person with you to the hospital. Also, a sexual assault complainant advocate from the CT Alliance to End Sexual Violence (Formerly CONNSACS) can accompany you or meet you at the hospital.
- Call 24 hours a day 888.999.5545 to request an advocate. Hospitals can also call and request an advocate for you.

**IMPORTANCE OF PRESERVING EVIDENCE**

Hospital staff will ask to collect evidence. Whether or not you decide to have evidence collected, it is important that you DO NOT do the following prior to arriving at the hospital: change clothes, shower or bathe, douche, drink, eat, smoke, brush your teeth, use the bathroom unless absolutely necessary.

Taking these precautions before the medical exam allows you to keep your legal options open as long as possible. These activities can destroy vital evidence. If you have not changed your clothes, bring a change of clothes with you. If you’ve changed your clothes since the assault, place the clothes you wore at the time of the attack in a paper bag (not plastic). Bring them with you to the emergency room. Let your nurse or doctor know you have them, and tell them if you have done anything else (washed, etc.) before you arrived.

Emotional Support and Counseling
Goodwin University has on-campus counseling services located at One Riverside Drive. The Counseling Services are offered through Integrated Health Services Inc. These services can be obtained through faculty, staff or self-referral. Every referral remains confidential. More information about these services can be found on the Counseling Services website at http://www.goodwin.edu/counseling/ or call 860.913.2159.

Upon request, a counselor will meet the sexual assault survivor at the hospital to provide support throughout the medical examination. The Health Center also has further information about external resources if requested. These include existing counseling, health, mental health, victim advocacy, legal assistance, and other services available for victims both on-campus and in the community. The student will have the right to change their academic situation after a sexual offense, if requested and reasonably available. If at any point student victim wants to pursue either internal or external charges of an alleged perpetrator, the Health Center will assist student victim with the reporting process.

A. REPORTING PROCESS FOR SEX OFFENSES:

The victim or witness should immediately notify a school administrator [34 CFR 668.46(b)(11) /34 CFR 668.46(b)(11) (ii)]. The primary reporting area for sex offenses at Goodwin University involves the Director of Campus Safety & Security and the Title IX Coordinator or the VP of Facilities, IT & Security. Telephone #’s: 860.913.2023 or 860.913.2141, 860.913.2037.

Campus Security will document complaints and keep accurate records about the number of assaults involving students, determine whether there is a pattern of assaults with regard to particular location, method, or assailant and alert the campus community to a potential danger.

If the student who has been assaulted desires criminal prosecution through the courts, she/he needs to contact the Title IX Coordinator and/or Director of Campus Safety & Security. At her/his request, Goodwin University will summon the East Hartford Police Department. Both Campus Security and the local police will provide the individual who was assaulted with information regarding her/his rights.

The student will also be provided with information regarding her/his state or federal legal rights to have the perpetrator tested for communicable diseases.

It is important for the student who has been assaulted to note that a police report does not require that he/she follow through with the prosecution process. The student has the right to withdraw the charges at any point during the process if he/she wishes to do so. The student also will be free from pressure from the University not to report the crime, or to report it as a lesser offense.
B. VICTIM REPORTING, INVESTIGATION, AND DISCIPLINARY RESOLUTION

Victims also have the right to pursue a resolution separately from local law enforcement through disciplinary action at the University. Students have the right to file a complaint with Campus Security and/or the Title IX Coordinator. When a victim files a complaint with the Title IX Coordinator s/he is entitled to a prompt, fair, and impartial investigation and resolution. The investigation will be conducted by a certified investigator who receives annual training on issues related to domestic violence, dating violence, sexual assault, stalking, and proper investigation technique. The investigators will evaluate the evidence using the preponderance of the evidence standard and will submit their findings and recommendations to the General Conduct Board who will make the final determination.

The sanction imposed by Goodwin University may range from dismissal of all charges (if Goodwin University feels the charges lacked enough evidence to hold the accused responsible) up to and including expulsion from Goodwin University.

C. INFORMING OF RESULTS OF INVESTIGATIONS AND DISCIPLINARY PROCEEDINGS

Both the accuser (or the next of kin if the accuser is deceased) and the accused shall be simultaneously informed, in writing, of the outcome of the disciplinary proceeding and how to file an appeal. It should be noted here that notification does not constitute a violation of the Family Educational Rights and Privacy Act (20 U.S.C. 1232g). For the purpose of this paragraph, the outcome of a disciplinary proceeding means only the institution's final determination with respect to the alleged sex offense sanction that is imposed against the accused. The accuser and the accused are entitled to the same opportunity to have others present during an institutional disciplinary proceeding.

If either party is unsatisfied with the outcome they may appeal, in writing, to Goodwin University’s Appeals Board. Decisions will be rendered in writing within two weeks and shall be final at that time. Both the accuser and the accused shall be simultaneously informed, in writing, of the outcome of the appeal.

Victims of sexual misconduct have the option to receive assistance in changing academic, living, transportation, and working situation, if reasonable available. These accommodations are available whether the victim chooses to report the crime to campus security or local law enforcement.
A victim who reports one of these offenses shall be provided with a written explanation of their rights and options under the law.
SEXUAL ASSAULT, DOMESTIC VIOLENCE, DATING VIOLENCE, AND STALKING: WRITTEN NOTIFICATION

The institution will provide written notification to students and employees about existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available for victims both within the institution and in the community.

SEXUAL MISCONDUCT CONFIDENTIALITY, PRIVACY, AND REPORTING POLICY

Institutions must clearly articulate who are “responsible employees” under Title IX for purposes of initiating notice and/or investigation, and those who have more discretion on how they act in response to notice of gender-based discrimination. Different people on campus have different reporting responsibilities and different abilities to maintain confidentiality, depending on their roles at the University and upon University policy.

When consulting campus resources, all parties should be aware of confidentiality, privacy and mandatory reporting in order to make informed choices. On campus, some resources can offer you confidentiality, sharing options and advice without any obligation to tell anyone unless you want them to. Other resources are expressly there for you to report crimes and policy violations and they will take action when you report your victimization to them.

TO REPORT CONFIDENTIALLY:

If one desires that details of the incident be kept confidential, s/he should speak with the on-campus counselor, in the Health Center, or off-campus rape crisis resources who can maintain confidentiality.

NON-CONFIDENTIAL REPORTING:

You are encouraged to speak to the Title IX Coordinator to make formal reports of incidents. This can be done in person, via email, via telephone, or via the online reporting form. Faculty and staff of Goodwin University are also “responsible employees.” Notice to them is official notice to the institution. Staff and faculty are required to report incidents of sexual misconduct of which they become aware to the Title IX Coordinator. You have the right and can expect that incidents of sexual misconduct be taken seriously by the institution when formally reported, and to have those incidents investigated and properly resolved through administrative procedures. Formal reporting means that only people who need to know will be told, and information will be shared only as necessary with investigators, witnesses, and the accused individual. Faculty and staff will keep your information private, but they are obligated to report instances of sexual misconduct to the Title IX Coordinator for investigation.
FEDERAL STATISTICAL REPORTING OBLIGATIONS:

Certain campus officials have a duty to report sexual misconduct for federal statistical reporting purposes (Clery Act). All personally identifiable information is kept confidential, but statistical information must be passed along to campus law enforcement regarding the type of incident and its general location (on or off-campus, in the surrounding area, but no addresses are given) for publication in the annual Campus Security Report. This report helps to provide the community with a clear picture of the extent and nature of campus crime, to ensure greater community safety. Mandated federal reporters include: campus law enforcement, local police, coaches, athletic directors, student activities staff, human resources staff, advisors to student organizations and any other official with significant responsibility for student and campus activities. The information to be shared includes the date, the location of the incident (using Clery location categories) and the Clery crime category. This reporting protects the identity of the victim and may be done anonymously.

FEDERAL TIMELY WARNING REPORTING OBLIGATIONS:

Victims of sexual misconduct should also be aware that University administrators must issue immediate, timely warnings for incidents reported to them that are confirmed to pose a substantial threat of bodily harm or danger to members of the campus community. The University will make every effort to ensure that a victim’s name and other identifying information is not disclosed, while still providing enough information for community members to make safety decisions in light of the danger. The reporters for timely warning purposes are exactly the same as detailed at the end of the above paragraph.

D. SEX OFFENDER REGISTRATION INFORMATION

• In accordance to the "Campus Sex Crimes Prevention Act" of 2000, which amends the Jacob Wetterling Crimes against Children and Sexually Violent Offender Registration Act, the Jeanne Clery Act and the Family Educational Rights and Privacy Act of 1974, Goodwin University is providing a link to the Connecticut State Police Sex Offender Registry.

• This act requires institutions of higher education to issue a statement advising the campus community where law enforcement information provided by a State concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a State to provide notice of each institution of higher education in that State at which the person is employed, carries a vocation, or is a student.

• Connecticut requires under C.G.S. 54-252, convicted sex offenders must register with the Sex Offender and Crimes against Minors Registry maintained by the Department of State Police.

AWARENESS AND EDUCATION

Goodwin University recognizes the importance of awareness and educational efforts as tools in sexual harassment prevention. The University engages in the following prevention initiatives:

- The Gender-based and Sexual Harassment Policy and additional related policies are part of the faculty, staff and student handbooks.

- The Director of Campus Safety and Security briefs all new students at orientation regarding security procedures at Goodwin University. All students are also made aware of the University’s Emergency Response Instructions, which contains instructions to follow in the event that an emergency occurs. The Emergency Procedure Guide is posted in every classroom as well as in hallways/corridors. This information is also available on the Goodwin College website at https://www.goodwin.edu/campus-safety/emergency-instructions.

- The Title IX Coordinator provides information to students at orientation about the Gender-based and Sexual Harassment Policy and how to file a complaint with the Title IX Coordinator. New employees are also given written information about sexual assault, dating violence, domestic violence, and stalking when they are hired and also during new employee orientation. This information is also available on the Goodwin University website at https://www.goodwin.edu/title-ix-and-equity/.

- Goodwin University maintains a relationship with several key community partners, including the CT Alliance to End Sexual Violence as well as East Hartford’s Interval House.

- The Lighthouse Committee engages in active prevention efforts against domestic violence, dating violence, and intimate partner violence. They meet bi-weekly during the academic year to address these prevention efforts.

- In January, Goodwin. Acknowledged National Stalking Awareness Month with a virtual discussion framed around the Netflix series “You.”

- In February the university had a week-long tabling event spreading awareness and encouraging advocacy regarding Teen Dating Violence Awareness Month, in addition to having a day in which people were encouraged to wear orange to spread awareness around work to end teen dating violence.

- No More Week took place from March 6-March 13 to stand against domestic and sexual violence. The week included a virtual 5K, four tabling sessions, and resources in the library.
• For Sexual Assault Awareness Month, Goodwin hosted Teal Tuesday, where community members could come to learn about prevention and awareness around sexual assault. Goodwin also hosted a Wear Jeans With Purpose Day.

• During the month of October, the University held various events for Domestic Violence Awareness Month, including wear purple day to raise awareness and Take Back the Night on October 28.

• Brochures and information on sexual assault, dating violence, domestic violence, and stalking are made available in key locations including the counselor’s office, the Office of Student Affairs, and at the Office of the Title IX Coordinator.

• Emergency phones can be found throughout campus.
