

WHERE THE JOBS ARE.

Occupational Therapy Assistant

The CT Occupational Therapy Association defines occupational therapy as a “skilled treatment that helps individuals achieve independence in all facets of their lives. It gives people the ‘skills for the job of living.’” An occupational therapy assistant focuses on assisting clients in restoring or maintaining independence in everyday life skills to improve physical, mental, and social well-being. Please note, some positions may require additional training and/or certifications as deemed necessary by the employer.
