### **Prompt:**

After watching the chosen video on occupational therapy, please answer the following three questions. Your submission must be typed and a **maximum of two pages**, 12-point font and double-spaced. All three questions must be answered in your own words in order to account of a complete application.

***Question 1:*** To assess your knowledge of the field of occupational therapy: what is an ***occupation*** you observed in the video? Please describe a client you saw in the video and as an occupational therapy practitioner what would you do to help that client better his/her ***occupation***?

***Question 2:*** What part of the video was the most meaningful to you and why? In other words, which part of the video did you develop a connection with and why?

***Question 3:*** Based on the video, please explain in your own words how occupational therapy differs from other professions (i.e. physical therapy, nursing, etc.).
