Please note that Goodwin College will only accept StraighterLine courses that were taken prior to admission to the college.

Tuition Reduction (optional). The College will provide a one-time 25% percent tuition reduction spread over the first two semesters to SL Students who have completed at least four (4) Straighter Line Course(s) and who meet the College's admission standards. This applies to any College program, certificate programs, single courses, and professional development courses where SL courses are accepted for credit. Reduced tuition will apply to the current rates at the time the student enrolls in a course. No retroactive reductions will be applied. If a SL Student is eligible for more than one reduction the SL Student will receive the most beneficial reduction but shall only receive one reduction. All students are subject to the College's student policies.
