

The Repayment Solutions Department of Goodwin College is pleased to announce a partnership with Inceptia, a non-profit organization providing premier expertise in default prevention and debt management in relation to student loans.

Together with Inceptia, we identify students needing immediate, short term and long-term student loan management guidance. We offer financial counseling to all students using a customized plan of action.

While Repayment Solutions' outreach begins during the admissions process, Inceptia's outreach begins during a student's loan repayment period. Throughout a student's federal loan repayment cycle, our partnership emphasizes our mutual commitment to student loan repayment success.

**Attention Students:**

Inceptia's representatives may reach out to you if your federal student loan(s) become delinquent. **Inceptia is not a collection agency.** We've partnered with them to help you explore a wide variety of student loan management possibilities such as alternative repayment plans, deferments, consolidations, discharges, forgiveness's, and forbearances. Inceptia may contact you via phone calls, letters, and/or emails.
