

SNAP Employment and Training Program

Collegiate Certificate CNC Manufacturing & Technology

Program Overview

This 26-credit certificate program prepares the student for a promising career in manufacturing starting as a CNC machinist with the technical skills and materials knowledge to be a valuable member of a manufacturing team. The 26 credits earned for this certificate may also be used toward the fulfillment of the requirements of the AS Degree in CNC Machining or the BS Degree in Manufacturing Management. In this certificate program, the student is introduced to the basic manufacturing skills of safety and problem solving while being provided with the classroom and hands-on machining skills needed for CNC machining. The student will develop skills in understanding technical drawings, lean manufacturing principles

and essential information on material properties and behaviors in the manufacturing process. Students will develop competencies in computer aided manufacturing to design multi-dimensional parts in Mastercam and work toward mastery of advanced CNC machining skills. In addition to class lectures, this program will provide the student with hands-on CNC/CAM experience. Laboratory sessions are coordinated with the lectures and emphasize experimentation and application of the lecture content. Successful completion of this certificate program prepares participants to pursue a National Institute for Metal Working Skills (NIMS) credential as a CNC operator.

Placement evaluation guidelines apply for this program. Lifetime access to Career Services including job-search assistance; resume-writing and mock-interviewing is available to graduates.

Collegiate Certificate CNC Manufacturing & Technology

Curriculum

Education Requirements - 26 Credits		
BMM 102	Safety Practices in Manufacturing	1
BMM 140	Principles of Manufacturing Math	3
BMM 141	Shop Math Lab	1
BMM 175	CNC Machining I	3
BMM 210	Lean Manufacturing Principles	3
BMM 220	Materials & Processes in Manufacturing	3
BMM 222	Technical Drawings & Specifications	3
BMM 240	CAM I	3
BMM 241	CAM II	3
BMM 275	CNC Machining II	3

Total Credits: 26
