Activity #3: Log-in to e-Tutoring and explore the e-Tutoring site

In addition to in-person tutoring sessions, Goodwin College also provides e-Tutoring which includes eQuestions, eWriting, eChat, and Resources.

1. Go to www.etutoring.org
2. Click “Login Now!”
3. Select “Northeast eTutoring Consortium” and then “Goodwin College”

4. On the left side of the Login page, put your Student ID # in the “Username” box and “GoodTutor” in the “Password” box. Then click “Sign In”.

Welcome to eTutoring!

You have selected Goodwin College.

If this is not your institution, please select a new one.

Welcome to eTutoring!

You have selected Goodwin College.
5. From this landing page you can access any of the four services offered: eChat, eQuestions, eWriting Lab, and Resources. You can also access any of these from the menu bar, which stays at the top of the page during your entire stay on the site.
6. eChat will allow you to ask questions of a real, live tutor, as long as there is one available in the subject you need. Just click on the name of a tutor if you see they know your subject.

7. If there is no tutor available at the time, you can leave a question in the eQuestions area. When a tutor who knows the answer logs in, they will answer your question and you can see what they have to say. After you click on “eQuestions,” click “Post a New Question”.
8. Select which topic you have a question in from the drop down menu.

9. In the “Question Topic” box, put a brief description of the general area you are asking about, and then write out your question in the large text box.

10. When you are finished writing out your question, click “Submit Your eQuestion”
11. After your post your question, you will be able to see it and all future questions you post in addition to their answers in the same location when you click on the “View All Your Questions” button.

12. Next look at the eWriting Lab. You can either access this by going back to the homepage of the eTutoring site or by clicking the eWriting Lab option at the top of every page.
   a. Be sure to pay attention to the rules that pop up. The eWriting Lab service isn’t for grammar or spelling corrections, but rather for the content and writing structure of your essay.

13. After your close those rules, you have three options. If you are submitting a paper for the first time, click “Submit a New Writing Assignment”. If you are submitting your 2\textsuperscript{nd} or 3\textsuperscript{rd} draft, select the middle button, “Submit a 2\textsuperscript{nd} or 3\textsuperscript{rd} Draft”. Finally, if you want to review comments from a previous submission, the final button, “View Writing Assignments Archive”, is for you!

14. When you want to submit a new writing assignment, fill out all the relevant information in the boxes provided.

15. After filling out all the information required, scroll to the bottom of the page and click on “Choose File”
16. A window will pop up from your computer, use it to navigate to where you saved your document. Click on the document and be sure it shows up next to the “Choose File” button before clicking “Submit Your Writing Assignment”

Upload Your Assignment

- After you have completed your writing assignment, save your paper to your computer or to a disk and remember where you have saved it for retrieval.
- Next, it is important that you close your paper.
- Click the ‘Browse’ button, select the folder where your paper is stored, and select your paper by clicking on it twice. An attachment address for your paper will now appear in the “Browse” window.
- Click on the “Submit Your Assignment” button.
- If you have successfully submitted your paper, you will see this message at the top of your eWriting Lab page: “Your writing sample has been submitted. You should receive a response within 24-48 hours.”

* It is important that you close your paper before submitting *

17. Check back in a day to see what a tutor has to say about your paper. You can implement their ideas and resubmit your paper two more times. This takes time, though, so be sure you’re paying attention to your deadlines.

18. Finally, click on the “Resources” tab at the top of your page or from the home screen.
19. There are hundreds of articles here in all kinds of academic topics. Either use the search box at the top of the area or select which Subject and Topic you want to look at articles about.

20. Use these resources to supplement your classroom or online learning! If you have any questions about any of these resources or the eTutoring site as a whole, please call the ASC at (860) 913-2090 or come in to Room 209 and ask us in person! Enjoy eTutoring!
